Arrosumente

After my father died..
The one who took care of me was Senator Deberto.
Are you alright, Reguna?

Perhaps it was because I have heard that so many times,
That I now know how to avoid making a strange face and making him worry.
I'm alright
Because Senator Deberto and everyone have been very kind to me...
I have come to understand much of my father's work.
.....
No...
That's not what I meant..
Hmm...
No that's...
Well. If there's nothing wrong, then that's good

That is...
Whether you were still feeling sad...
Is what I meant
Um...
Of course those feelings are there, but...
I must put aside my sadness so that I can help him
His Majesty is also having troubled thoughts right now...
I see...
Now that I think about it...
Deberto was likely drawn out of a lottery or something
If you are tired, make sure to rest properly
Yes, of course
If there is anything you need, tell me right away.
Yes
In the Senate, he and my father were probably only on a last name basis
My care must have been imposed on him

I meant to give this to you
I nearly forgot
Oh right
This is...?
Deberto...
I'm sorry.....

Actually, I wanted to return to you the wings on his back
But they're not exactly in good condition...
It was all I could do to collect these fragments...
There weren't really enough pieces
I attached those that I collected and polished them
Can you use it?
...Fragments
Ah...

I see.
It broke, didn't it...?
Kian-sama...
When he was the Oracle, he overstepped into the knights domain.
"Because of that he was disposed of."
Everyone within the castle has heard the rumors.
So, of course I also know of it.

That's right..
I have also heard it
The person closest to his majesty The person closest to God as well.
Because of this, they must be the farthest from power.
That is the person called the Oracle.
Why do you say it like that?
If you think like that, then you're saying it is some terribly difficult thing.
What is?
But
You are able to hear God's voice
Moreover, you are the one closest to the King, right?
Even if you want to be friends with that person.
If you say it like that it'll be impossible
If all the world's Oracles looked as surly as Angel It would be okay!!
Right?!

It's easy to become a tragedy even if you already understand the system
Although I dislike tragic things
It will be a classic historical tragedy!
Ah
It's the same story
Because it's like that the story of the Oracle who destroyed himself will be all over the place
...Right?! ?
Why is it, I wonder? It's making me really irritated
Things like nobody is forced to change
Those sure are strange stories
That's
Probably because there are many loyal, dutiful oracles
If you properly fulfill your responsibilities you won't become such a tragedy
Eh?
And then?
.....
Well I guess that's it

Given that classical tragic story intervening in the military...
For what reason do you think I should continue?
You're scheming something right?
You confessed so earlier.
What scheming?
That was only my honest wish!
So there is something after all?
ALTHOUGH YOU TOLD ME THAT NEGATIVE STORY IN THE FIRST PLACE...
ANYWAY, WHAT IS THIS YOU HAVE?!
It's not a negative story at all
I think you should continue because if it's you, then it's all right

It's all right?
What is?
Look.
Everyone is really worried about it.
"Is it possible that you will become like Kian-sama?"
!
But I think that you are different from Kian-Sama.
Even though everyone is worried about it.
I am not worried
I have a ton of confidence
That's because...

I...
When it comes to Kian-sama.
I REALLY HATED HIM.
So
"The Fool" is it?

So that guy is not the white horse of "The Chariot" ?
My feelings changed
Lante is zero
Zero?
What's your basis for that?
Because of that and because I don't know what he is thinking Lante is zero
That's how it is written in the book.
Because zero is composed of everything and also composed of nothing
.....

If the theory came through from within you it's probably okay?
*What he really means "I don't get it."
So now you've employed a method based on numbers...
It is not the case that these other numbers can also be idly rejected.
Use them well.
Numbers?
In that case why has "The Chariot" become number 7?
The number of wheels and headcount have been added?
Hmm...?
I have never heard that explanation before...
That's a strange answer... If you go that far, you get a new interpretation I guess.
.....
That meaning is pretty amazing.

Odd numbers fall down easily and aren't stable. Even numbers are stable and so it is difficult to move them.
There is even and odd within the numbers.
In this way if there is no "motion" then "stillness" does not exist.
By the same theory, if there is no shadow then light cannot be recognized.
There is a process by which instability makes stability.
And a process by which stability becomes instability.
In this way, odd and even go on repeating forever.

Even if it is just like stability and instability depending on the number there is a difference
Even though 2 4 6 8 are even numbers
For example 6 is 2 times 3 or 3 times 2 and so it is comprised of an odd number
This even number is formed by two connected unstable 3s, and when you seporate them, they have anxiety at the unknown...
Number 6, "The Lovers" is this sort of card.
...You can think of it like that?
Of course there are multiple ways of thinking about it.
It's not as if there is only one way to approach this nor is this the only path

If I can, that's something I want to avoid
It doesn't feel as though there's a solution
Perhaps so...
It's fine to do as you like
Even without all the information there are still those who can reach the correct answer...
There is only one truth
And that truth is always within the reality right before your eyes
I can only lead you to it
Although...

An absolute impossibility such as that... do you expect it to happen?
it is very rare to hit upon the truth without this knowledge.
A hard-headed guy like you can probably fake it.
THIS...
EVERY SINGLE ONE OF THEM...!!
"HARD-HEADED, HARD HEADED" IT'S SO ANNOYING!!
EVEN IF YOU DON'T SAY THAT, I'M PERFECTLY AWARE OF IT!!!
Modesty is an amazing thing
But really
That is a redeeming feature
Use it well.

Jeez...
Every single one of them!!
In my case...
That hard-headedness of Angel's...
I...
really like it...
That is...
Why are you making a speech with that face...?
Ahh,
But a long time ago I really hated it!
Ah ha ha!
Reguna is confused!

That is.
With that face
I didn't know that was the case...
But...
Angel isn't like Kion-sama, are you?
What a loss. Just because of a bad first impression
Reguna is really confused!!!
...Loss?
Among the knights, Kion-sama has a terrible reputation.
As for me, I do not display my hatred of Kion-sama.
...He is hated that much?
Well you don't want to say bad things about a deceased person.
And in my case, it's also because I know that Angel respects Kion-sama.

You don't know the reason why anyone would want to kill him.
But Angel, you probably already knew that?
About this person that you loved and respected
But you have evidence.
Even though I told you I hated Kian-sama,
You weren't surprised by that.
In this country those types of feelings are everywhere
You probably know that most of all.
Can you see it?
You must not become like that...
You...
I...

I had always thought that I wanted to be like my father
But the people around me say these things...
"Your father was an amazing person. However, you must not become like that."
That's right...
The meaning of "become like that"...
I still don't understand.
The father that I knew...
Was calm, kind, and absolutely not a person that anyone would want to kill.

How-ever...
I also was aware that...
he had faces I did not know.
And the "become like that"
Is also pointing toward this
The Kian-sama I know is...
Smart and cold
Other than his majesty, he thought that the rest of the people in this country are all tools
He was that kind of person
Surely... This is different from the Kian-sama that Angel knows, right?

Angel does not know our Kian-sama.
And we do not know Angel's Kian-sama.
But many of the Knights are seeing that Kian-sama superimposed on you.
And...
The only one who can correct this
Won't show his face to the knights
Now,
what do you think of this?

Well...
Even if you say that...
Is it all right? What I said
That the Kian-sama that we know,
Is such a person that even if someone were to kill him, it would not be so strange?
Is it alright if you do not correct this?
That even with regards to Kian-sama's ghost, although we don't know everything we are still doing as we please?
Is it okay to let that go?
Is...
That what you hope for?

.. I said it didn't!?
I am very interested,
In things related to Angel
Love You!
:
I love everything about you
No way!
"You're my stone head" right?
To say it more accurately
In my case
Angel
That's why, in this situation where you are misunderstood by everyone I honestly don't feel good about it
Because I love this country
And I love the current council

This is my first time hearing that
How can that be?
It must be a lie
You know
"Lante" it's the name of Fin Field's goddess of love.
You didn't know?
Oh?
I didn't know you were this much of a philanthropist.
sarcasm
Well anyway, things like that-
As far as I am concerned, it's nothing for Angel!
Right?!
I want to exterminate and set free the ghost of Kian-sama.
What do you think? It's a good story right?
... "Good story" ... Perhaps.
When I speak with this guy I get this feeling...
But it's still shady at the same time!!
And there are two of them!

In short, it's a story about breaking the rules.
Rules
It is an "I must not become like my father" rule.
He says...
That it's alright.
That he wants to solve the misunderstanding.
And if it were that simple, it would be out of courtesy...
.....
It can't be
That's why he said it. That sage guy...
In any case...
Use it well.

For the trial,
If you don't know people, you can't solve it.
For the sake of knowing
Even if "Intervention" is not allowed, I will have to come into contact with people in the military.
The "Truth"
Is on the other side of the rules?
Suddenly at that time..
The time when I dragged the table out
That scream-like noise..
I feel like it was audible
